

ENERTECH TRADING LLC

OIL WELL SPARES • RIG SPARES AND EQUIPMENTS

WHERE ENERGY MEETS TECHNOLOGY

**Delivering Excellence in Oilfield, Industrial, and Engineering
Solutions across the USA, UAE, and Global Markets**

ENERTECH TRADING LLC - WHERE ENERGY MEETS TECHNOLOGY

At Enertech Trading LLC, we stand as a trusted partner in delivering world-class oilfield, rig, and industrial equipment solutions. **Headquartered in the USA** with an extended presence in the **UAE**, our company bridges continents to serve the energy, oil & gas, marine, and industrial sectors with unmatched reliability.

Backed by decades of expertise and a global supply network, Enertech specializes in **oil well spares, rig spares, process control instrumentation, electrical & automation systems, safety equipment, and mechanical components**. Our mission is to ensure that every client – whether in **Dubai, Abu Dhabi, Sharjah, Ajman, Umm Al Quwain, Ras Al Khaimah, Fujairah, or international markets** – has access to the highest quality products that meet international standards.

Our Promise

- Precision in Supply – Delivering exactly what you need, when you need it.
- Uncompromised Quality – All products conform to API, ANSI, ASTM, ISO, and OEM specifications.
- Client-Centric Approach – From oil rigs to refineries, marine platforms to industrial plants, we tailor our solutions to your specific needs.

Enertech Trading LLC is a dynamic, forward-looking enterprise specializing in oilfield, rig, and industrial equipment supplies. Established with a commitment to quality, reliability, and innovation, we provide seamless sourcing solutions across the **USA, UAE and the wider Middle East**.

Our dual presence enables us to act as a strategic bridge between global manufacturers and local industries, ensuring that clients benefit from competitive pricing, timely delivery, and internationally certified products.

Our Mission

To deliver innovative, reliable, and cost-effective solutions that empower industries to operate safely, efficiently, and sustainably.

Our Vision

To be recognized as a global leader in oilfield and industrial equipment trading – a partner of choice trusted for excellence, responsiveness, and integrity.

Core Values

- **Integrity:** Conducting business with honesty and transparency at every step.
- **Quality:** Providing only internationally certified and rigorously tested products.
- **Innovation:** Continuously adapting to the latest technologies and industry standards.
- **Reliability:** Ensuring clients can count on us for consistent supply and support.
- **Customer Focus:** Placing client success at the center of every transaction.

Comprehensive Product Portfolio

At Enertech Trading LLC, we supply a comprehensive range of products that support the oil & gas, marine, power, and industrial sectors. Each product line is carefully sourced from trusted global manufacturers, ensuring international compliance, durability, and reliability in the most demanding environments.

Rigging

Our rigging solutions include lifting hardware, slings, shackles, hooks, and load-bearing equipment designed for heavy-duty offshore and onshore operations. All rigging products conform to international load standards for maximum safety and efficiency.

Pipe Fittings & Valves

We supply a wide selection of industrial-grade fittings and valves, ranging from gate, globe, ball, and check valves to elbows, tees, flanges, reducers, and couplings. Built to API, ANSI, ASTM, and DIN standards, our solutions guarantee safe, leak-free, and efficient fluid handling.

Instrumentation Tubes & Fittings

Enertech delivers precision-engineered tubing and compression fittings used in process control, automation, and instrumentation systems. This includes stainless steel tubes, manifolds, needle valves, and quick couplings, ensuring seamless performance under extreme conditions.

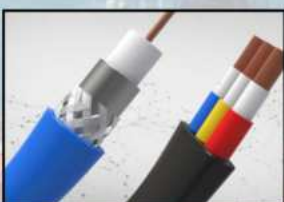

Industrial Tools & Accessories

We offer a robust range of manual and hydraulic tools to support workshops, oilfield maintenance, and offshore projects. From wrenches, spanners, sockets, and cutting tools to complete tool kits and hydraulic pullers, our portfolio ensures operational readiness.

Safety & Personal Protection Equipment (PPE)

Protecting people and assets is our highest priority. We supply certified PPE and fire safety systems, including helmets, gloves, eyewear, protective clothing, harnesses, fire extinguishers, alarms, and detection devices. All solutions meet CE, OSHA, NFPA, and Civil Defense requirements.

Electrical Cable & Accessories

Enertech provides a wide range of power, control, and instrumentation cables along with cable trays, glands, junction boxes, and connectors. Our electrical solutions are designed to deliver reliability, safety, and long service life in critical operations.

Heavy-Duty Rigging for Demanding Environments

At **Enertech Trading LLC**, we understand that safe and reliable rigging is the backbone of every **oilfield, marine, and industrial** operation. Our rigging hardware and lifting solutions are engineered to meet the most demanding offshore and onshore requirements, ensuring strength, durability, and compliance with global standards.

Our Rigging Products Include:

- Shackles & Hooks – Forged for strength and certified for load-bearing safety.
- Wire Ropes & Slings – Available in multiple configurations for lifting and anchoring.
- Turnbuckles & Load Binders – Precision-built for tensioning and load control.
- Lifting Clamps & Accessories – Designed for secure handling of heavy loads.
- Chain Blocks & Hoists – Manual and powered options for diverse applications.

Industries We Serve

Our rigging supplies are trusted across:

- Offshore Oil & Gas Platforms
- Marine Operations & Shipyards
- Construction & Heavy Engineering Sites
- Industrial Plants & Fabrication Yards

Why Enertech Rigging?

- Certified Quality – All products comply with BS, ASTM, and ISO standards.
- Proven Safety – Tested under stringent conditions to ensure reliability.
- Versatility – Solutions tailored for lifting, pulling, securing, and positioning.
- Global Sourcing – Partnerships with world-class manufacturers ensure best-in-class rigging hardware.

Precision Flow Control & Reliable Piping Solutions

Enertech Trading LLC supplies a wide range of industrial-grade pipe fittings and valves designed to meet the stringent requirements of **oil & gas, petrochemical, power, and marine industries**. Engineered for **leak-proof performance, durability, and compliance with global standards**, our solutions are trusted across critical infrastructure worldwide.

Our Product Range Include:

- Valves – Gate Valves, Globe Valves, Ball Valves, Check Valves, Butterfly Valves
- Pipe Fittings – Elbows, Tees, Reducers, Couplings, Nipples, Unions
- Flanges – Weld Neck, Slip-On, Blind, Threaded, Socket Weld
- Sealing Solutions – Gaskets, Stud Bolts, O-Rings, and Seals

Applications

- Oil & Gas Pipelines
- Refineries & Petrochemical Plants
- Offshore & Onshore Rigs
- Power Generation & Utility Systems
- Water Treatment & Industrial Facilities

Precision Connections for Critical Process Control

At **Enertech Trading LLC**, we supply high-performance **instrumentation tubes and fittings** engineered for accuracy, leak-tight integrity, and long service life in demanding environments. Whether for **oil & gas production, petrochemicals, utilities, or marine operations**, our solutions ensure **seamless process control and instrumentation reliability**.

Our Products Range Includes:

- Tubes – Seamless & welded stainless steel instrumentation tubes (various grades & sizes)
- Compression Tube Fittings – Ferrule fittings, unions, elbows, tees, and reducers
- Instrumentation Valves – Needle valves, Manifold valves, Bleed valves
- Quick Connect Couplings & Accessories – For efficient and secure connections

Applications:

- Pressure, Flow, Level & Temperature Measurement
- Process Control Systems & Instrument Panels
- Offshore & Onshore Oil & Gas Installations
- Petrochemical & Utility Facilities

Why Enertech Instrumentation Solutions?

- Precision Engineering – Leak-proof performance in high-pressure systems.
- Reliability – Long-term durability in harsh offshore and industrial conditions.
- Wide Range – Extensive sizes, grades, and configurations available.
- Trusted Quality – Globally sourced from certified manufacturers.

Precision Flow Control & Reliable Piping Solutions

Enertech Trading LLC supplies a wide range of industrial-grade pipe fittings and valves designed to meet the stringent requirements of **oil & gas, petrochemical, power, and marine industries**. Engineered for **leak-proof performance, durability, and compliance with global standards**, our solutions are trusted across critical infrastructure worldwide.

Our Product Range Include:

- Valves – Gate Valves, Globe Valves, Ball Valves, Check Valves, Butterfly Valves
- Pipe Fittings – Elbows, Tees, Reducers, Couplings, Nipples, Unions
- Flanges – Weld Neck, Slip-On, Blind, Threaded, Socket Weld
- Sealing Solutions – Gaskets, Stud Bolts, O-Rings, and Seals

Applications

- Oil & Gas Pipelines
- Refineries & Petrochemical Plants
- Offshore & Onshore Rigs
- Power Generation & Utility Systems
- Water Treatment & Industrial Facilities

Protecting People, Safeguarding Operations

At Enertech Trading LLC, safety is more than a requirement – it is a responsibility. We provide a comprehensive range of Personal Protective Equipment (PPE) and fire safety solutions designed to meet the highest global standards. Every product is selected to ensure worker protection, risk mitigation, and compliance with international safety regulations.

Our Safety & PPE Products Include:

- Personal Protective Gear – Helmets, Safety Glasses, Gloves, Protective Clothing, Footwear
- Respiratory & Hearing Protection – Masks, Respirators, Ear Plugs, Ear Muffs
- Fall Protection Systems – Harnesses, Lanyards, Lifelines, Safety Belts
- Fire Protection Equipment – Fire Extinguishers, Alarms, Smoke Detectors, Suppression Systems

Industries We Serve

- Oil & Gas Rigs (Onshore & Offshore)
- Petrochemical & Refinery Operations
- Marine & Shipyard Facilities
- Power Plants & Utilities
- Heavy Construction & Industrial Sites

Powering Industry with Reliable Electrical Solutions

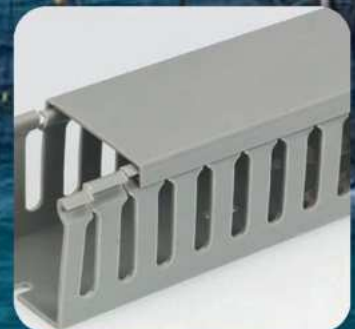

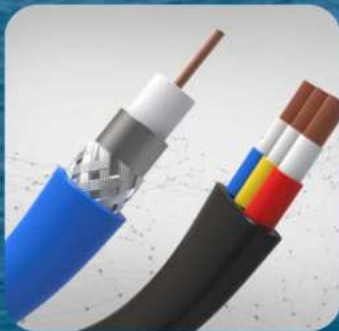

At Enertech Trading LLC, we deliver a complete range of electrical cables, wiring systems, and accessories that ensure uninterrupted performance in critical applications. Our products are designed to meet international safety and performance standards, making them suitable for use in the toughest environments - from offshore rigs and marine operations to industrial plants and utility systems.

Our Electrical Supply Range Includes:

- Power & Control Cables - LV/MV/HV cables for diverse industrial applications
- Instrumentation Cables - Shielded and armored cables for precision signal transmission
- Flexible Wires & Special Cables - Designed for durability and adaptability in harsh conditions
- Cable Management Systems - Cable Trays, Cable Ladders, Conduits, and Raceway Systems
- Accessories - Cable Glands, Lugs, Connectors, Junction Boxes, Terminals

Industries We Serve

- Oil & Gas Rigs & Platforms
- Petrochemical & Refinery Operations
- Power Plants & Utilities
- Marine Engineering & Shipyards

Partnering with World-Class Manufacturers

At Enertech Trading LLC, our strength lies in our ability to source directly from globally recognized Original Equipment Manufacturers (OEMs) and certified suppliers. These partnerships ensure that every product we deliver meets the highest standards of quality, reliability, and compliance demanded by today's oil & gas, petrochemical, marine, and industrial sectors.

Our Global Network Provides:

- Direct OEM Sourcing – Genuine products with full certifications
- Competitive Pricing – Cost advantages through long-term supply partnerships
- Proven Quality – Products tested to API, ANSI, ASTM, IEC, ISO, and NFPA standards
- Wide Range – Access to thousands of line items across multiple industries
- After-Sales Support – Technical documentation, warranty, and spares availability

Why Our Partnerships Matter

By working with Enertech, you gain access to a global procurement network without the complexity of managing multiple suppliers. We bring OEM assurance, cost efficiency, and logistics expertise into one streamlined supply chain solution.

Trusted by Industry Leaders

Over the years, Enertech Trading LLC has proudly supported some of the most demanding projects across the UAE, India, Middle East, and global markets. From offshore oil rigs to power plants, from refineries to marine operations, our products and solutions have helped clients achieve safe, efficient, and reliable operations.

Project Highlights

- Oil & Gas Rigs: Supply of rigging solutions, valves, and instrumentation for offshore platforms in the UAE and GCC.
- Refineries & Petrochemical Plants: Complete package supply of pipe fittings, valves, instrumentation tubes, and safety gear.
- Marine & Offshore Projects: Delivery of rigging hardware, lifting equipment, and marine-grade cables for shipyards and offshore vessels.

Certified Quality You Can Trust

At Enertech Trading LLC, every product we supply is backed by a rigorous commitment to international standards and compliance. We recognize that oilfield and industrial environments demand absolute reliability, which is why we partner only with certified manufacturers and ensure that our products meet or exceed the world's strictest benchmarks.

Our Compliance Framework Covers:

- Oilfield Standards – **API (American Petroleum Institute)** specifications for valves, wellhead equipment, and rig components
- Engineering & Material Standards – **ASTM, ANSI, ASME, DIN** approvals for fittings, piping, and tools
- Electrical & Fire Safety – **IEC, NFPA, UL, CE compliance for cables, junction boxes, fire alarms, and extinguishers**
- Safety & PPE Certifications – **OSHA, CE, and UAE Civil Defense Approved safety gear** for industrial and offshore environments
- Quality Management Systems – Products sourced only from **ISO-certified manufacturers.**

Why Compliance Matters

- Risk Mitigation – Reducing downtime, failures, and safety hazards
- Global Recognition – Products accepted across UAE, Middle East, India, and international markets
- Reliability in Operations – Certified components perform consistently under critical conditions
- Peace of Mind – Clients trust Enertech because compliance is never compromised

Enertech Assurance

When you partner with Enertech, you are assured that every supply – from a simple bolt to a complete rigging package – carries the credibility of international certification and the guarantee of operational safety.

Your Strategic Supply Partner

Choosing the right partner in today's competitive energy and industrial sector is critical. At Enertech Trading LLC, we go beyond being a supplier – we are a trusted partner that brings value, expertise, and assurance to every project.

Our Competitive Edge

1. Global Sourcing Power

Strong partnerships with OEMs and certified manufacturers in the UAE, India, USA, and Europe, ensuring authentic, high-quality products.

2. Complete Product Range

From rigging and valves to instrumentation, safety, and electrical supplies – we cover all your project needs under one roof.

3. Compliance & Certification

Every product conforms to API, ANSI, ASTM, ISO, CE, NFPA, and Civil Defense standards, giving you complete confidence in performance and safety.

4. Cost Efficiency with India Preference

Leveraging India's robust manufacturing base for competitive pricing, faster deliveries, and custom-engineered solutions.

5. Proven Track Record

Trusted by leading oil & gas, petrochemical, marine, power, and industrial clients across the UAE, Middle East, and global markets.

6. Customer-Centric Approach

Dedicated to on-time delivery, transparent communication, and tailored solutions for every client.

The Enertech Promise

- Quality You Can Trust
- Supply You Can Depend On
- Service That Builds Partnerships

At Enertech, we don't just supply products – we deliver confidence, reliability, and long-term value.

Connecting with Enertech

At Enertech Trading LLC, we believe in being close to our clients, not just in supply, but in service, support, and trust. With offices in the United Arab Emirates and the United States, we are strategically positioned to support projects across the Middle East, India, Africa, and global markets.

Global Reach

Enertech Trading LLC is a U.S.-based industrial procurement and engineering support company, strategically headquartered in the State of Florida, with operational capabilities across the United Arab Emirates (UAE), Saudi Arabia, Oman, India, and Canada.

Enertech was co-founded by two visionary leaders – **Mr. Gabbin Joseph, Managing Director**, and **Mr. Sony Payyappilly, Director of Operations** – whose complementary backgrounds in mechanical engineering, oilfield project execution, and IT-enabled systems integration shape Enertech's strategic direction and customer-first philosophy.

Mr. Gabbin Joseph brings over 20 years of global industry experience in oil & gas procurement, project supply logistics, and EPC collaboration. His leadership ensures that Enertech maintains a laser focus on reliability, product integrity, and customer value. Based in the U.S., he oversees strategic sourcing and OEM alignment across North America.

Mr. Sony Payyappilly, with a dual background in mechanical systems and enterprise IT, spearheads Enertech's operational efficiency and digital transformation. With over 27 years of multi-industry experience across the Middle East, he manages key client accounts, technical consultations, and global project support functions from the UAE.

As a rapidly growing procurement partner and systems integrator, Enertech has positioned itself as the go-to source for engineered product delivery, global OEM sourcing, technical liaison, and turnkey export logistics. With strong leadership and proven expertise, we enable our clients to streamline purchasing, reduce downtime, and meet exact project specifications on time, every time.
